Milivoje Kostic
Department of Mechanical Engineering

Dear Professor Kostic,

Thank you for your presentation, "Energy Is Everything: Fundamentals and Future Challenges," at our recent New Ideas in Science: Alternative Energy conference. Evaluations consistently complimented the helpfulness of the information, along with the quality of the presenters. We received wonderful comments on how informative the sessions were, and many participants would like us to extend their thanks to you as well.

To quote a few of the teachers specifically:

"The knowledge held by the speakers was terrific and I enjoyed their presentations."

"Excellent resources provided; knowledgeable presenters."

"Dr. Kostic and his presentation was my favorite. I wanted more Dr. Kostic."

"Dr. Kostic presented a responsibility to the teachers that was optimistic and I loved his enthusiasm for his topic."

On behalf of the College of Liberal Arts and Sciences External Programming, thank you for your ongoing contributions to teacher education and public service. I look forward to opportunities to collaborate in the future.

Sincerely,

Mark Pietrowski
Coordinator
